## EXPORT PERMIT REPORT - DECEMBER 2000

### COMMENTS

**E**xport of wood products in December 2000 amounted to US\$14,381,497.70 from a volume of 41,992.439M3 while US\$14,550,882.232 in value was realized from a total volume of 36,767.125m3 over the same period in 1999. Figures for December 2000 represent a decrease of 1.16% in value and an increase of 14.07% in volume over that of 1999.

Data for the 2000 fiscal year witnessed low marginal increases of 0.83% in value and 15.17% in volume compared with the same period last year.

With the new policies and measures which have been put in place to promote the export of value - added wood products, it is expected that timber export earnings will be appreciably increased in the year 2001.
